

Training Site Draw Information

Drawing for training locations will be at 6 pm daily at the Headquarters beginning Sunday evening June 11th. This draw will happen each evening unless posted in the lobby of the Clarion Hotel Headquarters on the information bulletin board.

Regardless of your draw, you cannot pick the same property that you had chosen on a previous day unless no one else wants to use that property and then it would be available.

If you are not in attendance by 6:15 pm, the draw will be over and you can choose one of the training sites that have not been spoken for.

Training during the week of the National will be on a first come first served basis.

The draw on Thursday night for the Friday June 16th training spots will begin with a clean slate and all attendees will have an opportunity for the training site of their choice depending on your draw.

Any questions or concerns, please address them to me.
