■ Welcome ■

2021 National Amateur Retriever Club Championship

Congratulations to all the dogs and handlers that have qualified for the 63rd running of the NARC! On behalf of the National Amateur Retriever Club, I would like to welcome you to the hills and valleys of the Big River. Known as *Bluff Country* or *God's Country*, we hope you enjoy your time in this beautiful region of America.

Once again, we are honored to host this prestigious event and would like to shout out to all the landowners, workers, clubs, judges and sponsors for making this event possible. Countless hours of preparation have gone into making this event happen. We thank each and everyone involved for your time, energy, and commitment! We will have hosted the largest National Amateur in history and your patience and willingness to work with all committee chairs will be greatly appreciated.

In addition, Thank You to all businesses and people of the Eau Claire area and the Eau Claire Convention and Visitors Bureau for their support! Their kindness and generosity both in advertising and donations, contributes greatly to making this 2021 National Amateur Retriever Club Championship successful.

When you see the landowners, who have so graciously donated the use of their properties for training and trialing, please take the time to thank them. Without their dedication and commitment, none of this would be possible. Please abide by the landowner requests that are spelled out in this book. Treat their properties with respect and common sense. We want to leave a good impression, that we have been great stewards of their grounds.

Again, enjoy your time in our beautiful region of America. Please take the time to try several of the businesses that are advertised in this publication. Our beautiful area offers many out of the way restaurants and tourism spots to explore during your stay.

Enjoy and best of luck to all of you!

Sincerely,

Jim Rickoff

Chairman, 2021 National Amateur Retriever Club Championship

■ Training Property Guidelines ■

2021 National Amateur Retriever Club Championship

The following “Guidelines” list important considerations for the use of the pre-National Training Grounds and Invitational Test Grounds that are, thanks to the generosity of the owners, available for our use. These are in no way meant to cover every possible consideration. When in doubt, use common sense and courtesy. Remember, we are invited guests on these properties. *The Training Property sites are open from 8 am to 5 pm.*

1. The properties listed in the Training Guide are all private grounds developed by their owners for the training of their dogs. We are their guests and should act accordingly.
2. The use of these grounds shall be coordinated through the Field Trial Committee and the random draws for property use.
3. No one may contact owners for individual or group use or access these properties except through the FT Committee.
4. The regulations listed for each property are in addition to these general guidelines.
5. Unless instructed otherwise close and secure all gates at all times.
6. Keep vehicles to the edges of fields and away from pond banks. Access fields only with UTV's or 4-wheelers.
7. Be wary of livestock and neighbors. Never shoot in the direction of any visible residence.
8. Unless otherwise noted, smoking on any property is prohibited, except in a closed vehicle.
9. Remove all of your trash, including spent shells, dead birds and any other trash you find. Do not leave food scraps or spilled dog food on the grounds. Some properties specifically prohibit feeding on the grounds.
10. Stay well-away from kennels and residences.
11. Dead birds must be disposed of in plastic bags in approved trash containers or may be dropped at the Blackhawk Retriever Club Grounds where they will be disposed of.
12. By entering any of these properties you acknowledge the risks inherent in outdoor sports whether such risks are apparent or hidden. All participants accept those risks and agree that they alone are responsible for the health and safety for themselves and others in their group. Participants, by their use of the properties, acknowledge that they hold the property owners, NARC, its officers and members harmless and free of any liability for any accidents, injuries or damage to their persons or vehicles. Entering any the properties is further subject to the participants' agreement to be held fully responsible for any damage, accidental or otherwise, to the property and any animals, facilities, buildings or equipment located on the property.
13. Enjoy these wonderful properties. But, please, be courteous to the landowners and their neighbors.

DIGGIN' UP BONES

BONNIE WRIGHT

DIGGIN' UP BONES by Bonnie Wright

One woman's spiritual struggle and her golden retriever who leads her out of unconscious transgenerational shame.

While there is a dog in the story, the true story is about faith and hope and healing. And this is a love story. We know, maybe directly and maybe anecdotally, the damaging power of shame and its sneaking ways in shrinking lives and drawing us down. But we can now learn from Wright and her magnificent story ways other than therapy or drugs to heal hearts and be expanded back to wholeness.
