Welcome!

to the

2022 National Amateur Retriever Club Championship

Congratulations to all the dogs and handlers who have qualified for this year's NARC. As a qualifier, you represent the best teams of dogs and handlers in our sport. On behalf of the National Amateur Retriever Club, we would like to welcome you to the beautiful Pacific Northwest.

We are honored to host this prestigious event; countless hours of preparation have gone into making it happen. I want to thank all the volunteers for your time, energy and commitment in making this event a success. It would not be possible without your dedication and support.

We are very grateful to the landowners, for making this event possible. The NARC would not be possible without their dedication and commitment to this sport. When you see our landowners, please take the time to thank them. Please remember to abide by the landowner's requests as spelled out in this book.

In addition, we would like to thank the clubs, judges and sponsors for all their work during the year. As always, we are thankful to our primary sponsors Purina and Avery for their generous contributions as well as, Kent, Garmin, and Dogtra. We are also very grateful for the support and contributions from Roseburg's local businesses and the community.

Please take the time to visit the local businesses, restaurants and tourist spots in the area. Please enjoy your stay and have fun.

Best of luck to all of you!

Sincerely,

Sonya Jackson
Chairman, 2022 National Amateur Retriever Club Championship

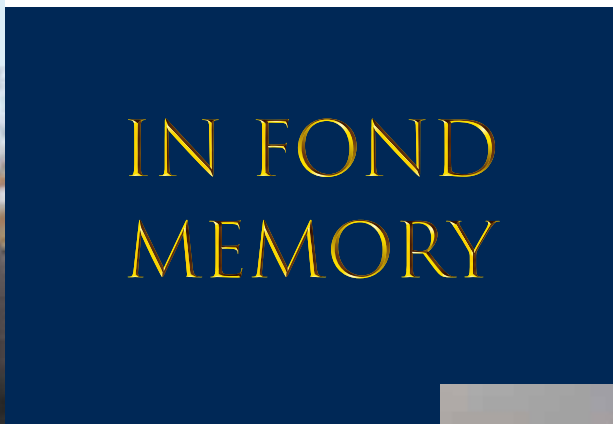

Field Trial Dedication

During the past year we have lost many dedicated individuals in our sport. On the West Coast we have lost four individuals: Gary Ahlgren, Pat Nicholls, Brookie Van de Brake, and Jack Vollstedt. All had different personalities and their approach to the sport was unique to each of them. All of these individuals were competitive, successful, dedicated to our sport. They were always willing to help and share their knowledge of the dogs and the sport. They all were owners of field trial properties, which they shared with the field trial community.

Gary Ahlgren

Jack Vollstedt

Pat Nicholls

Brooke Van de Brake

HONORARY TEST DOG

FC AFC Dottie Ray's League of Her Own

Owned by Andy & Shirley Kahn

Andy Kahn, Handler

Dottie

Dottie started her field trial career with 45 Derby points and finished it with 189 All-Age points. Last year at 11 years old she had 2 Open wins and an Open 2nd.

I have been blessed with some great dogs and Dottie is certainly one of them. She was dual titled at 3 and competed in numerous National Opens and Amateurs finishing the NARC in 2014. In 2016 Dottie won a Double Header at the Sage Hens Retriever Club trial in Denver, CA.

Dottie has stopped competing this year and she is now home enjoying her well deserved retirement.

It is a special tribute to officially retire Dottie at this years NARC as "Honorary Test Dog"

★ Thank you to the LANDOWNERS! ★

The National Amateur Retriever Club wishes to thank the following landowners for the generous use of their land:

AIRING NEAR NORTHERN SITES

A.J. Morin

GPS: 43.922512, -123.055528

32929 Camas Swale Road, Creswell OR

The property is 3.4 miles from the Morley/Kongsore property.

Please stay within the 25 acres indicated on the map. The neighboring property is not available.

Directions

Head west from Creswell on Camas Swale Rd. 75 yards past Florence Ave, turn right on a paved lane (32929). Drive .28 miles north on the paved lane to the neighbor's house. Turn left and drive west along the fence line until crossing under the power line.

You may need to open the electric fence when you turn right off the paved lane.

There are about 25 acres, most are in a conservation easement (the turquoise colored area). There are about 5 acres not in the conservation easement where you can park. The conservation area is fenced with a non-barbed wire. Go through the fence or use the gate on the southwest corner of the property.

You can train in the turquoise colored area to the west and north of the parking area. Please no vehicles on the conservation easement, walk-in only, and stay within the property boundaries.

AIRING NEAR ROSEBURG

GPS: 43.216621, -123.292747

NE Diamond Lake Blvd/N Umpqua Highway, Roseburg OR

Heading west out of Roseburg on the way to the Kahn and Lindbloom properties, is about a 20 acre designated field for airing. The field is accessible via the Oregon Department of Fish & Wildlife parking lot. There will be signs.

OREGON

Danger! *A Guide to the Local Training Hazards*

Foxtails

They are very dangerous to your dog. Your dog can die from them if they get them in their nose and are not sneezed out or removed. These awns are barbed and can travel through dog from any entry point. They can cause an abscess if they penetrate the skin anywhere. Don't walk, air or train your dog in these!

Salmon

Salmon poisoning is a potentially fatal condition in dogs that eat raw salmon. June is salmon fishing season in Roseburg and surrounding areas. If your dog should eat raw salmon, get medical attention as soon as possible. Clinical signs appear within 6 days. They are: Vomiting, lack of appetite, fever, diarrhea, weakness, swollen lymph nodes, and dehydration. Untreated death usually occurs within 14 days. 90 percent of untreated dogs die.

Poison Oak

It's typically found in rocky or shallow soiled areas, shaded or sunny areas. It typically has vibrant red leaves in the early spring and late fall, but the leaves are a deep green all summer. The leaves are made up of three leaflets and this is the best way to identify it. As the saying goes, leaves of three, let them be.

Rattlesnakes

The Western Diamondback makes it home in California and Oregon. Generally not aggressive, rattlesnakes strike when threatened or deliberately provoked, but given room they will retreat. Startled rattlesnakes may not rattle before they strike defensively. Rattlesnakes can swim and may be around water areas. If you or your dog gets bitten, seek medical attention immediately as a bite from one of these guys can be potentially fatal. Be especially careful around rock outcropping, but they can be anywhere. When it gets hot, you may encounter them more in the morning and late evening and even at night when it cools off. Be careful wherever you train. Check out the area for all hazards, not just the ones above. Check for ditches, holes, buried implements or anything else

A Guide to the Use of Training Properties

The following guidelines list important considerations for the use of the National training grounds and National Amateur Test Grounds that are, thanks to the generosity of the owners, available for our use. These are in no way meant to cover every possible consideration. When in doubt, use common sense and courtesy. Remember, we are invited guests on these properties. The training property sites are open from 8 am to 5 pm.

1. The properties listed in this training guide are all private grounds developed by their owners for the training of their dogs. We are their guests and should act accordingly.
2. The use of these grounds shall be coordinated through the field trial committee and the random draws for property use.
3. No one may contact owners for individual or group use or access these properties except through the field trial committee.
4. The regulations listed for each property are in addition to these general guidelines.
5. Unless instructed otherwise close and secure all gates at all times.
6. Keep vehicles to the edges of fields and away from pond banks. Access fields only with UTVs or 4-wheelers.
7. Be wary of livestock and neighbors. Never shoot in the direction of any visible residence.
8. Unless otherwise noted, smoking on any property is prohibited, except in a closed vehicle.
9. Remove all of your trash, including spent shells, dead birds and any other trash you find. Do not leave food scraps or spilled dog food on the grounds. Some properties specifically prohibit feeding on the grounds.
10. Stay well-away from kennels and residences.
11. **Dead birds must be double bagged and disposed of in approved trash containers.** Additionally, there will be a trash container at Andy and Shirley Kahn's property that can be used for bird disposal.
12. By entering any of these properties you acknowledge the risks inherent in outdoor sports whether such risks are apparent or hidden. All participants accept those risks and agree that they alone are responsible for the health and safety for themselves and others in their group. Participants, by their use of the properties, acknowledge that they hold the property owners, NARC, its officers and members harmless and free of any liability for any accidents, injuries or damage to their persons or vehicles. Entering any the properties is further subject to the participants' agreement to be held fully responsible for any damage, accidental or otherwise, to the property and any animals, facilities, buildings or equipment located on the property.
13. Enjoy these wonderful properties. But, please, be courteous to the landowners and their neighbors.

Local Training Sites (Draw Sites)

The following sites are mainly for smaller amateur training groups. They are in the vicinity of Roseburg. They will be used on a half-day basis, from 8 am to 12 pm or from 1 pm to 5 pm. There will be a draw and sign-up at the headquarters (Sleep Inn in Roseburg) every evening at 6 pm, starting on Sunday June 12th through Thursday, June 16th. All training grounds will be on a first-come, first-served basis.

Support the Retriever Hall of Fame

CHARLES MORGAN

AUGUST BELMONT

RON AINLEY

BING GRUNWALD

The Retriever Hall of Fame, part of the National Bird Dog Museum, is devoted to the preservation of the history and culture of all types of retriever sporting dogs. Within our walls, we honor and memorialize some of the most prestigious champion retrievers, as well as their owners, handlers, and trainers. We do this by collecting works of art and memorabilia, including trophies, decoys, calls, firearms, boats, clothing, and books.

To safeguard and showcase the history and art of our sport for future generations, the Retriever Hall of Fame needs your support. This support can take many forms:

- Donations of memorabilia pertaining to dogs, owners, handlers or trainers of all the retriever breeds.
- The contribution of historical records or information.
- Financial support for the improvement of the Retriever Hall of Fame's exhibits, to maintain the building it is housed in and to inspire the interest of future generations.

Make your tax deductible contribution today.
