When viewing Jessie's 2013 Retriever Hall of Fame enshrinement please consider the following. Jessie's numbers and accomplishments within the Chesapeake Bay Retriever breed are easily Hall of Fame worthy. Mere points just don't tell the entire story of this great Chesapeake.

**Jessie** was the **FIRST** female Chesapeake Bay Retriever in the history of the breed to hold the AKC titles of Dual Champion (Dual CH) -- Field Champion (FC plus conformation Champion (CH) along with the title of Amateur Field Champion (AFC), plus the obedience title (CD) -- and she was also a certified therapy dog. Jessie was the daughter of a second breeding with fellow Retriever Hall-Of-Famer FC-AFC-CFC-CAFC Chesdale Chippewa Chief X Dual CH Fireweed's Jasmine.

Linda chose Jessie at three weeks old as a pet for our daughter Jenni (hence the name JJ's) but Jessie spent her life as Linda's constant partner and best friend . Jessie's formal training began as a two year old with Mike Lardy, Handjem Retrievers.

Jessie earned 64 All-Age Field Trial points along with 20+ conformation championship points and qualified for the seven National Open and/or National Amateur Championships, 1987 thru 1992 including 1990, 1991, and 1992 when Jessie competed with her daughter DUAL CH & AFC JJ's Chi-Town Blizzard CD MH, making history as the only mother daughter Dual Champion Chesapeakes ever to compete together at the National Retriever Championship level. Jessie was the Top Chesapeake Field Trial Bitch in the country six times -- until her daughter Lizzy took over!

Jessie produced Dual CH & AFC JJ's Chi-Town Blizzard CD MH, CFC-CAFC When Harry Met Jessie plus many qualified All-Age dogs, dogs with All-Age wins and Master Hunter titles.

Jessie's career was shortened by canine degenerative myelopathy (DM), however, when you review the total of her accomplishments you realize that Jessie is a cornerstone of the Chesapeake breed as she set a standard for future generations! She made history -- for her breed -- and the field trial sport!
