Owned By: John Thomas and Bobby Davidson

Breeder: James Dean and Cindy Donahey

FC-AFC Ragin' Eye Of The Storm is better known as "Cane". He was whelped on 3/31/2016 and bred by James Dean and Cindy Donahey.

New owner, Bobby Davidson wisely sent Cane to Jim VanEngen for his early development. Glowing reports of Cane's advancement and development continued to flow in until it became evident that it was time for him to move on to more advance training. Bobby made another great decision – to send Cane to Alan Pleasant. Cane quickly showed signs of great promise, quickly absorbing all that was thrown at him. Cane was AQQ at 2 years of age and took 4th place in his first Amateur with Bobby in his first every Amateur.

The pressure of starting a new business prevented Bobby from taking Cane to his full potential. This gave John Thomas the opportunity to offer to co-own Cane. Deal done! From that time until his untimely death due to cancer, Can amassed record lifetime statistics, including:

- 218.5 All Age Points
- 20 Open wins
- Qualified for 11 National Championships
- National Finalist twice
- Double Header winner
- Purina High Point Open Dog in 2013
- 2nd place Purina High Point Open Dog in 2012

When it came to the point in a difficult test where the dog had to make a decision, Cane had the uncanny ability of making the right decision every time. He was a very intelligent dog – it was a thrill and an honor to go to the line with Cane!
