'78 NFC-AFC Shadow of Otter Creek (Shadow) was purchased by Bob in 1971 ... "from an ad in Retriever Field Trial News. His sire, Ace of Southwood was a dog with excellent breeding ... his mother, Misty of Otter Creek, had great bloodlines and was an outstanding individual herself.'

"As a pup, he was a good marker and an outstanding water dog. He accumulated 30 Derby points and was ninth on the Derby List. I kept him out of trials to teach him to handle the entire spring following his Derby year. I realized that he was a very special dog and we had a very special relationship - he wanted to do it right from the beginning.'

"Shadow has qualified for five National Amateurs and has been a Finalist in three of these. He has qualified for three National Opens, has run in two, finishing one and winning one.'

"I have trained this dog entirely myself. My methods involve hard work and a lot of repetition. Together he and I have paid the price for our success."

Shadow accumulated 132.5 All-Age points during his competitive career - 56 Open and 76.5 Amateur.
