Breeder: Carol Bedolla

FC-AFC Vollwood's Peaches And Cream Jack and Florence picked up Peaches as a seven week old puppy from Keith Cantillion in Southern California. Jack originally wanted a male, but after evaluating all the puppies, he just had to have Peaches. She was super alert, responsive and when Jack picked her up, she submitted to being held belly up. She was one of his best decisions.

Peaches was eager to accept training but also had a real independence about her. At 8 months of age she was able to place 3rd in two different Derby trials. She went on to become the high point Derby Dog for 2000. During that time, she won a Derby and took second in an Open on the same weekend.

During her career, she was able to acquire 219 All Age points. She was also the 2005 top Amateur dog. She won 2 Double Headers and was a National finalist 5 times.
